For Immediate Release**Hanley Wood Announces Winners of the 2019 Most Innovative Products**

WASHINGTON, D.C.- March 12, 2019 - Hanley Wood, the premier information, media, event, and strategic marketing services company serving the residential, design and commercial construction industries is pleased to announce the winners of the 2019 Most Innovative Products (MIP) at World of Concrete Awards.

Presented annually in conjunction with the World of Concrete, the MIP Awards program showcases many products exhibited at the show. The MIP awards program allows World of Concrete attendees and audiences of CONCRETE CONSTRUCTION an opportunity to vote for the products they judge as most innovative.

Winners are also selected by a panel of industry experts, many of whom serve on the World of Concrete Educational Advisory Board, as well as by the editors of CONCRETE CONSTRUCTION. Winning products are chosen based on the innovation they bring to the industry.

This year's products were grouped into ten categories. For additional information and photos of the winners and other entries, visit <https://www.concreteconstruction.net/topic/2019-most-innovative-products-nominees> .
